

APN's investment philosophy is focussed on generating consistent income returns by actively managing a portfolio of high yielding, Australian commercial property securities. Established in 2009, the APN AREIT Fund (the Fund) was designed with this specific mandate in mind.

The Fund is focussed on delivering a competitive yield with lower risk than the market. Underlying stocks are selected based on a highly disciplined investment approach that has been in place since 1996. The Fund provides access to a wide spread of property-based revenue streams that are specifically analysed, selected and weighted with the aim of delivering strong and sustainable income returns.

The Fund is suited to medium to long term investors seeking a relatively high monthly income and some capital growth over the long term.
