Firstly off Happy New Year from the team at MHOR. We hope you've enjoyed the holiday period and wish you a successful and enjoyable 2018.

2017 Performance

We are delighted to report **December** was another positive month for the Small Cap fund returning **+5.33%** which outperformed the ASX Small Ordinaries index by **+2.13%**.

December marked our **8th consecutive** positive result and the Fund finished 2017 **+23.01%**

Since Inception and after all fees, the fund returned **+26.19%** outperforming the Small Ordinaries index by **9.19%**.

mFunds

Due to a number of requests to make accessing the fund easier, we have now integrated the MHOR Small Cap fund into the ASX's online fund platform mFunds.

Thankfully you can now bypass the lengthy forms and invest in MHOR as you would buying an ordinary share.

If you are using a participating broker (listed below) you can buy units in the MHOR fund using the ASX code **MOR01**, this can be done online or via a traditional broker.

mFunds is now live and available for applications.

2018

We are excited about the opportunity set ahead of us in 2018. We have a number of our smaller companies reporting their quarterly 4C results in the coming 2 weeks which we believe will be positive catalysts for a number of those stocks. The rest of the portfolio will report half year results in February and we expect to uncover some new opportunities during the results period.
