1. About Yarra Funds Management Limited

Yarra Funds Management Limited ('YFM') is licensed under the *Corporations Act 2001* (Cth) ('Corporations Act') to act as responsible entity of the Fund. YFM is referred to throughout this PDS as the 'Responsible Entity', 'we', 'us' or 'our'. YFM is a wholly owned subsidiary of Yarra Capital Management Holdings Pty Ltd ABN 52 614 782 795. In this PDS, Yarra Capital Management Holdings Pty Ltd and its subsidiaries are referred to as the 'Yarra Capital Management Group'. Information on the Yarra Capital Management Group and our full range of products is available on our website www.yarracm.com.

We are responsible for operating the Fund in accordance with the Corporations Act and the constitution of the Fund. You can inspect the constitution at our Melbourne office or a copy can be made available to you by calling our **Investor Services team**. We issue Units in the Fund and are also subject to a range of obligations as an Australian financial services licensee.

We have appointed a custodian to hold the assets of the Fund. The role of the custodian is limited to holding the assets, acting on the instructions from us and providing certain administrative and accounting services.

2. How the Yarra Australian Equities Fund works

The Fund is an Australian domiciled registered managed investment scheme which pools the money of individual investors. This pool of money is then used in the Fund to buy assets according to the Fund's investment policy. The Fund seeks to invest in Australian Securities Exchange listed securities.

When you invest in the Fund you are issued with Units. Your Units represent a beneficial interest in the Fund's assets as a whole. Your investment is not a direct investment in specific Fund assets. The price of Units will vary as the market value of the Fund's assets rises or falls.

The Fund commenced in July 1995 and will continue until February 2066 unless terminated earlier by the Responsible Entity in accordance with the Fund's constitution, or otherwise terminated in accordance with the Corporations Act.

Minimum initial investment*	\$10,000
Minimum investment balance (whichever is less)	1,000 Units or \$1,000
How do I increase or decrease my investment in the Fund?	You can increase or decrease your investment by acquiring or disposing of Units. Units you acquire are bought at the applicable daily entry price. When you dispose of Units, the Units are redeemed at the applicable daily exit price.
Unit pricing	Daily, each Melbourne business day
Contributions/Withdrawals[†] cut-off	Daily, at or before 12 noon on a Melbourne business day
What Unit price will be applied?	The Unit price applied to your contribution (or withdrawal) will be the relevant price as at the close of business on the later of the Melbourne business day on which: <ul style="list-style-type: none"> ■ we receive a valid contribution (or withdrawal) request provided we receive it at or prior to 12 noon on a Melbourne business day (otherwise the following Melbourne business day); and ■ we are satisfied all client identification procedures that we consider necessary to satisfy our obligations under the <i>Anti-Money Laundering and Counter-Terrorism Financing Act 2006</i> (Cth) ('AML/CTF Law') have been completed.
How are Unit prices calculated?	The Unit entry (or exit) price is calculated by: <ul style="list-style-type: none"> ■ establishing the net value of the Fund which is generally based on the daily market value of its assets and undistributed income after deducting liabilities such as fees and expenses; ■ dividing the resulting amount by the number of Units on issue to determine the net asset value of each Unit; ■ increasing (or decreasing) the net asset value of each Unit by the buy (or sell) spread; and ■ rounding the price up (or down), to the nearest 1/100th of a cent.

* Or such lesser amount as we may agree from time to time. There is no minimum additional investment.

† We are entitled to receive and will keep any interest paid in respect of monies held from time to time in the trust accounts established for contributions, distributions and withdrawals.

<p>How do you withdraw your investment?</p>	<p>To withdraw your investment, your request must be lodged with the Investor Services team, see page 1.</p> <p>To ensure your withdrawal payment is promptly made, you will need to complete a withdrawal request by:</p> <ul style="list-style-type: none"> ■ lodging it with us at or prior to 12 noon for the exit price as at the close of the business day in Melbourne (otherwise the exit price for the following Melbourne business day will apply) by: <ul style="list-style-type: none"> □ written request, or □ facsimile, and ■ satisfying all client identification procedures that we consider necessary, and if required, we have verified the withdrawal request. <p>Please note, for your security, we do not accept withdrawal instructions by telephone or email. To protect Unitholders against fraudulent activities, we do not generally accept directions to pay withdrawal proceeds to third parties.</p> <p>Where your withdrawal results in an account balance below the lesser of \$1,000 or 1,000 Units, we will treat the request as being for all of your Units.</p> <p>Terms and conditions apply to facsimile withdrawals, refer to the 'Important Additional Information' document for further information.</p>
<p>When do we pay your withdrawal proceeds?</p>	<p>Usually within seven Melbourne business days of receipt of your notice to withdraw. The occasions when this may take longer (up to 30 days where no suspension exists) include those during which distributions are being calculated, audited and paid.</p>
<p>Suspension of withdrawals</p>	<p>We may suspend withdrawals of Units for up to 28 days where it is impracticable to calculate Unit prices due to certain circumstances as set out in the Fund's constitution. Additionally, we may suspend withdrawals of Units for up to 24 months where we consider to do so is in the interests of Unitholders. The Corporations Act also contains provisions that may restrict withdrawals from the Fund in the unlikely event that the Fund becomes illiquid.</p>
<p>Distributions</p>	<p>The Fund will generally pay distributions half yearly. Distributions will usually comprise income and realised capital gains (if any). Your distribution is calculated with reference to the number of Units you hold at the end of each distribution period.</p>
<p>How can you receive distributions?</p>	<p>For distributions, subject to the Fund's constitution, you may choose to:</p> <ul style="list-style-type: none"> ■ reinvest it in additional Units in the Fund at the reinvestment Unit price, or ■ direct credit it to your pre-nominated bank or financial institution account in Australia*. <p>If you do not make a choice, your distributions will be reinvested.</p> <p>Reinvestment Unit price</p> <p>The reinvestment Unit price applied to the transaction will be based on the net value of the Fund (after deducting the value of the distribution being paid) as at the close of business at the end of the distribution period. No buy spread is applied by us when determining the reinvestment price.</p>

* Please note, we do not accept directions to pay distribution proceeds to third parties. Where, within a reasonable period of time, we are unable to successfully credit your nominated bank account and we are unable to contact you, we can reinvest your distribution proceeds in additional Units in the Fund at the relevant Unit entry price on that day when the monies are returned to the Fund.

You should read the important information about 'Contributions, withdrawals and Unit pricing' in our Important Additional Information document before making a decision. Go to 'Section 1. Contributions, withdrawals and Unit pricing' at www.yarracm.com/ibrinformation. The material relating to 'Contributions, withdrawals and Unit pricing' may change between the time when you read this PDS and the day when you acquire the product.

3. Benefits of investing in the Yarra Australian Equities Fund

A summary of the significant features and benefits of investing in the Fund is as follows:

Professional management	Access to a specialist investment team with extensive experience in Australian equities, who actively manage the Fund's investments.
Extensive resources	Dedicated full-time research resources, a rigorous investment process, sophisticated risk management techniques, advanced technology and advanced trading systems.
Buying strength and access to more investment opportunities	By investing in a managed fund you are pooling your money with that of other investors. This means you can take advantage of the greater buying power and investment opportunities a large pool of money allows, even though you may have a comparatively small sum of money to invest.
Diversification of risk	Exposure to a professionally managed portfolio diversified by security, industry and sector. The investments are actively managed to seek optimal risk/reward outcomes for the Fund.
Liquidity	The ability to generally invest in and redeem Units in the Fund on a daily basis.

4. Risks of managed investment schemes

All forms of investment involve some level of risk. 'Investment risk' is the possibility that your investment will not perform as well as expected. For example, the value of your investment will vary and could fall below its initial cost. The level of returns will also vary and future returns may differ from past returns. It is important that you understand what risks you could be exposed to by investing in the Fund. The level of risk that is right for you will vary depending on a number of factors including your age, your investment timeframe, your other investments and your risk tolerance.

Different strategies for investing in assets may carry different levels of risk, depending on the types of assets and the approach taken to holding or trading the assets over time. Assets with the highest long term returns may also have the highest level of short term risk. For example, equity securities generally have a higher level of risk compared to cash, particularly over the short term when the value of the investment can fall below the initial purchase cost.

Neither the Yarra Capital Management Group, nor any other party, guarantees the performance or success of the Fund, any level of capital or other return from or the repayment of, investments in the Fund. The Yarra Capital Management Group does not guarantee that there will be no capital loss nor does the Yarra Capital Management Group guarantee any particular taxation consequences of investing. The laws affecting managed investment schemes may change over time. Also, the Fund's returns may vary and may differ in the future to its returns in the past. An investment in the Fund may involve a high degree of risk, including the risk that you could incur substantial losses and may lose all or some of your money.

Important risks you will be exposed to through your investment in the Fund include:

- **Counterparty risk:** there is a chance that the Fund's trading counterparties become insolvent or cannot otherwise meet their obligations.
- **Country, legal, tax and regulatory risk:** the Fund may be affected by changes to the regulatory (including tax and legal), economic and/or political climates in which it invests.
- **Fund risk:** risks specific to the Fund include the risk that the Fund could terminate and that the fees and costs payable by the Unitholders could change. There is also a risk that investing in the Fund may give different results than investing individually due to the consequences of contributions and withdrawals by other Unitholders.
- **Liquidity risk:** there is a chance that the assets in the Fund cannot be traded quickly enough in the market to prevent a loss.
- **Market risk:** there is a chance that the value of the assets in the Fund will decline.

Other important risks of investing in managed investment schemes may also apply.

You should read the important information about 'Risks relating to managed investment schemes' in our Important Additional Information document before making a decision. Go to 'Section 2. 'Risks relating to managed investment schemes' at www.yarracm.com/ibrinformation. The material relating to 'Risks relating to managed investment schemes' may change between the time when you read this PDS and the day when you acquire the product.

5. How we invest your money

Objective	To achieve medium-to-long term capital growth through exposure to companies listed on the Australian Securities Exchange. In doing so, the aim is to outperform the S&P/ASX 200 Accumulation Index over rolling three year periods.
Investment approach	<p>As an independent and active manager of Australian share portfolios, we are committed to building trusted and long-term relationships with our clients through the delivery of strong and sustainable investment returns. Our philosophy is based on our belief that markets are competitive but not perfectly efficient. We believe that mispricing opportunities arise when the market's valuation (as depicted in the share price) doesn't reflect our views on a company's true value.</p> <p>We have a large investment team, which helps ensure detailed analysis across the investment universe. By applying our fundamental and research-driven approach, we aim to identify and exploit market inefficiencies and add value through active management. We seek the best insights across a raft of industries and asset classes, collaborating daily across both the equities and fixed income markets.</p> <p>Our disciplined investment framework is used to assess the competitive position of a company and its industry outlook, culminating in an assessment of valuation based on a combination of methodologies including discounted cash flow analysis, free cash flow yields and asset based valuations. We supplement our approach with external research to gauge consensus views and determine where our views may be differentiated. These inputs drive stock selection decisions; once securities have been selected for inclusion, we create a portfolio which best meets the Fund's investment objective through balanced portfolio construction that focuses on risk and reward.</p> <p>Finally, our portfolios are monitored on a daily basis to ensure they contain the optimal blend of securities, seeking to deliver above average returns over the long term.</p>
Investment universe	<p>The Fund invests as follows:</p> <ul style="list-style-type: none"> ■ In securities which are listed on the Australian Securities Exchange, but excluding convertible preference shares. ■ Minimum of 80% invested in securities. ■ Maximum of 20% invested in cash. ■ Generally, 30 to 55 securities held in the portfolio. <p>Where appropriate, financial derivatives will be used to manage investment risk and gain or reduce exposure to relevant markets in an efficient manner whilst still remaining within allowable asset allocation ranges.</p> <p>We aim to be fully invested in securities at all times.</p>
Ethical considerations	We take environmental, social and ethical considerations and labour standards into account when assessing the financial performance and in selecting, retaining or realising Australian equity investments. What we consider to be relevant to such standards and considerations and the extent to which we may consider these in our investment decision making process is not predetermined; these considerations may vary from time to time and/or on a case by case basis. Therefore, the extent to which they are considered when making decisions relating to selecting, retaining or realising our Australian equity investments cannot be quantified.
Changes to the Fund	We have the discretion to terminate the Fund, close the Fund to new investments (including from existing investors), increase the fees and expenses or change the investment strategy and/or investment manager. We will notify Unitholders of changes as required by the Corporations Act or the Fund's constitution, as applicable.
Summary risk level	High. The variability of returns is likely to be high.
Investment time frame and suitability	The Fund may be suitable to investors that have a 'long term' investment time frame (i.e. a recommended minimum term of 5 to 7 years), who seek returns that are in line with the objective of the Fund and who have a risk tolerance in line with the Fund's summary risk level.
Warning	All investments carry risk and there is the possibility that your investment will not perform as well as expected. Investors should consider the likely investment return, risks and your investment time frame when choosing an investment.

The latest performance and size of the Fund can be viewed at www.yarracm.com/equity or may be obtained by phoning our **Investor Services team** on **1800 034 494** (Australia only) or **+61 3 9002 1980** or emailing ist@yarracm.com.
Past performance is not necessarily a guide to future performance.

6. Fees and costs

Consumer Advisory Warning

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long term returns.

For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30 year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower contribution fees and management costs where applicable. Ask the fund or your financial adviser.

TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the Australian Securities and Investments Commission (ASIC) website www.moneysmart.gov.au has a managed funds fee calculator to help you check out different fee options.

The ASIC managed funds fee calculator may also be used to calculate the effect of fees and costs on account balances.

This table shows fees and other costs you may be charged. Where applicable, these fees and costs are deducted from your account balance, from the returns on your investment and/or from the assets of the Fund as a whole. You should use this table to compare the costs of this product with other simple managed investment products. Taxation information is set out in Section 7 of this PDS. You should read all of the information about fees and costs as it is important to understand their impact on your investment. All dollar amounts shown in this PDS are quoted in Australian dollars.

Type of fee or cost	Amount*
Fees when your money moves in or out of the Fund†	
Establishment fee	Not applicable
Contribution fee	Not applicable
Withdrawal fee	Not applicable
Exit fee	Not applicable
Management costs	
The fees and costs for managing your investment	<p>0.90% p.a. of the net asset value of the Fund</p> <p>This is comprised of:</p> <ul style="list-style-type: none"> ■ A management fee of 0.90% p.a. of the net asset value of the Fund§. ■ Expense recoveries of 0.00% p.a. of the net asset value of the Fund^. ■ Indirect costs of 0.00% p.a. of the net asset value of the Fund#.

* Subject to limits in the Fund's constitution, we may increase fees charged (including management fees) without Unitholders' consent, in which case we would give Unitholders at least 30 days' prior notice.

† A buy or sell spread of +/- 0.15% may be reflected in the Unit price when your money moves in or out of the Fund.

§ Certain sophisticated and/or professional investors may negotiate a rebate.

^ At present, no expenses are charged to the Fund as all Fund expenses are borne by YFM without being charged to Unitholders. However, YFM reserves the right to cease paying for those expenses in the future where it is no longer economical for us to do so. Should this occur, the Fund's management costs may increase.

The indirect costs amount is calculated based on the indirect costs incurred over the previous financial year. Any increase to indirect costs charged to the Fund in the future will increase management costs.

Example of annual fees and costs for the Fund

This table gives an example of how the fees and costs for the Fund can affect your investment over a one year period. You should use this table to compare this product with other managed investment products.

Example	Balance of \$50,000 with a contribution of \$5,000 during year
Contribution fees	Nil For every additional \$5,000 you put in, you will be charged \$0.
Plus Management costs	0.90% p.a. And , for every \$50,000 you have in the Fund you will be charged \$450 each year
Equals Cost of fund	If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, you would be charged fees of \$450*.
	What it costs you will depend on the fees you negotiate (if applicable).

* Assumes \$5,000 investment occurs on last business day of the year and a constant investment balance and management costs. Additional fees and costs may apply, such as transactional and operational costs and fees charged by your Platform provider (if any).

Please note the amounts above are indicative and may not reflect the actual costs of investing in the Fund.

All references to the management costs are quoted inclusive of the net impact of GST to the Fund (i.e. any GST payable has been reduced by any input tax credits or reduced input tax credits, where applicable) at the rates applying on the date of this PDS. All

other fees and charges are quoted in this PDS inclusive of GST less input tax credits where applicable, unless otherwise stated.

Warning: Additional fees may be paid by you to a financial adviser if you have consulted one. Please refer to the Statement of Advice (if any) provided to you by your financial adviser.

You should read the important information about 'Fees and costs' in our 'Important Additional Information' document before making a decision. Go to 'Section 3. Fees and costs' at www.yarracm.com/ibrinformation. The material relating to 'Fees and costs' may change between the time when you read this PDS and the day when you acquire the product.

7. How managed investment schemes are taxed

Warning: Investing in a managed investment scheme is likely to have tax consequences. It is strongly recommended that investors obtain advice from their professional advisers, particular to their own circumstances, prior to investing in or otherwise dealing with their Units.

Taxation of the Fund

The Fund will be an Australian resident trust for Australian income tax purposes. The income of the Fund should be taxed in the hands of Unitholders on a 'flow through' basis if:

- in any financial year in which the Fund is not an Attribution Managed Investment Trust ('AMIT') as defined under the relevant tax laws, the Unitholders are presently entitled to the income of the Fund for that financial year; or
- the Fund is an AMIT for a financial year, in which case Unitholders will be assessed on their share of the determined trust components of a character relating to assessable income, attributed to them by the Responsible Entity.

On that basis, the Fund should not pay any Australian income tax on behalf of its Unitholders.

Taxation of individual resident Unitholders

The taxable income distributed or attributed to Unitholders may comprise various amounts, including Australian sourced and foreign sourced dividends, interest, capital gains, revenue gains, franking credits, foreign income tax offsets and any cost base adjustments relevant for managed investment trusts or AMITs.

Managed investment schemes do not pay income tax on behalf of Unitholders. Unitholders will be assessed on their share of the net taxable income of the Fund, or, where the Fund is an AMIT, 'determined trust component' amounts, of the Fund in the income year to which their income entitlement relates (even though the distribution may only be received in the following income year and irrespective of whether the income is reinvested into additional Units).

Taxation of non-resident Unitholders

Distributions to non-resident Unitholders may have tax withheld by the Responsible Entity.

You should read the important information about 'Taxation' in our Important Additional Information document before making a decision. Go to 'Section 4. Taxation' at www.yarracm.com/ibrinformation. The material relating to 'Taxation' may change between the time when you read this PDS and the day when you acquire the product.

Warning statement

Australian offers in New Zealand

This offer to New Zealand investors is a regulated offer made under Australian and New Zealand law. In Australia, this is Chapter 8 of the Corporations Act 2001 (Aust) and regulations made under that Act. In New Zealand, this is subpart 6 of Part 9 of the Financial Markets Conduct Act 2013 and Part 9 of the Financial Markets Conduct Regulations 2014.

This offer and the content of the offer document are principally governed by Australian rather than New Zealand law. In the main, the Corporations Act 2001 (Aust) and the regulations made under that Act set out how the offer must be made.

There are differences in how financial products are regulated under Australian law. For example, the disclosure of fees for managed investment schemes is different under the Australian regime.

The rights, remedies, and compensation arrangements available to New Zealand investors in Australian financial products may differ from the rights, remedies, and compensation arrangements for New Zealand financial products.

Both the Australian and New Zealand financial markets regulators have enforcement responsibilities in relation to this offer. If you need to make a complaint about this offer, please contact the Financial Markets Authority, New Zealand (<http://www.fma.govt.nz>). The Australian and New Zealand regulators will work together to settle your complaint.

The taxation treatment of Australian financial products is not the same as for New Zealand financial products.

If you are uncertain about whether this investment is appropriate for you, you should seek the advice of an appropriately qualified financial adviser.

The offer may involve a currency exchange risk. The currency for the financial products is not New Zealand dollars. The value of the financial products will go up or down according to changes in the exchange rate between that currency and New Zealand dollars. These changes may be significant.

If you expect the financial products to pay any amounts in a currency that is not New Zealand dollars, you may incur significant fees in having the funds credited to a bank account in New Zealand in New Zealand dollars.

The dispute resolution process described in this offer document is available only in Australia and is not available in New Zealand.
