### About this PDS

This Product Disclosure Statement (**PDS**) is issued by One Managed Investment Funds Limited (**OMIFL**), **we, us** or **Responsible Entity**) and is a summary of general information relating to an investment in the Euree A-REIT Securities Fund ARSN 669 664 500 (the **Fund**).

Units in the Fund are offered and issued by the Responsible Entity on the terms and conditions described in this PDS and the Constitution.

### Important Information

This PDS provides a summary of significant information about the Fund. The PDS contains a number of references marked with the symbol "Δ" to indicate important additional information contained in the Additional Information Booklet (**AIB**) dated 11 August 2023 which forms part of this PDS. Unless defined here, words have the meaning given to them in the Glossary of the AIB.

In addition, a Target Market Determination (**TMD**) is made available for the Fund. It describes the class of Investors for whom the Fund is consistent with their likely objectives, financial situation and needs.

This PDS will be available and may be viewed online at [www.oneinvestment.com.au/EureeAREITSecurities](http://www.oneinvestment.com.au/EureeAREITSecurities). The information on the website does not form part of this PDS. A paper copy of the PDS, AIB and TMD or any updated information can be obtained free of charge by contacting the OMIFL on 02 8188 1510.

You should consider the information contained in the PDS, AIB and TMD before making a decision about the Fund. The information in this PDS is general information only and does not consider your personal objectives, financial situation or needs. Before investing, you should obtain financial advice tailored to your personal circumstances and consider the suitability of the Fund in view of your financial position, investment objectives and needs before making an investment decision. You must observe any legal restrictions on investment in the Fund which may apply to you.

No person is authorised to give any information or to make any representation in connection with an investment in the Fund which is not contained in this PDS or the AIB. Any information or representation not contained in this PDS or the AIB may not be relied on as having been authorised in connection with an investment in the Fund.

The offer pursuant to this PDS is available to persons receiving an electronic version of this PDS within Australia and only persons receiving this PDS in Australia may invest in the Fund. OMIFL may refuse an application for Units under this PDS for any reason including if it believes the applicant did not receive the PDS in Australia. This PDS does not constitute an offer or invitation in any place in which, or to any person to whom, it would not be lawful to make such an offer or invitation.

No action has been taken to register or qualify the Units in any jurisdiction outside Australia. The distribution of this PDS outside Australia may be restricted by law and persons who come into possession of this PDS outside Australia should seek advice on and observe any such restrictions. Any failure to comply with such restrictions may constitute a violation of applicable securities law.

### Update of Information

Where the information in this PDS changes and it is not materially adverse to investors, an update will be published at [www.oneinvestment.com.au/EureeAREITSecurities](http://www.oneinvestment.com.au/EureeAREITSecurities).

A paper copy of any updated information will be provided free of charge on request by emailing [euree@oneinvestment.com.au](mailto:euree@oneinvestment.com.au).

If the change is materially adverse to Investors, we will notify affected Investors and replace this PDS.

Updated information about performance, Unit prices, Fund size and other general information about the Fund will be published at [www.oneinvestment.com.au/EureeAREITSecurities](http://www.oneinvestment.com.au/EureeAREITSecurities).

### References in this PDS

All amounts in this PDS are in Australian dollars. All fees are inclusive of GST and take into account RITC, if applicable. All fees in this PDS are rounded to two decimal places. All references to time and to Business Days are to Sydney time and Business Days.

For a glossary of terms used in this PDS, see page 8.

### No guarantee of the repayment of capital or a rate of return

None of the Responsible Entity, Custodian, Registry, Administrator, the Investment Manager, or any of their respective employees, agents and officers, guarantees the success, repayment of capital, rate of return on income or capital or investment performance of the Fund. It is your obligation to seek any advice on, and observe any legal restriction on investment in the Fund which may apply to you.

# 1. About One Managed Investment Funds Limited

△ You should read the following important information before making a decision to invest in the Fund: **Section 1: About One Managed Investment Funds Limited.** Go to Section 1 of the AIB at [www.oneinvestment.com.au/EureeAREITSecurities](http://www.oneinvestment.com.au/EureeAREITSecurities). Note the information may change between the time you read this PDS and when you acquire or dispose of Units in the Fund.

## The Responsible Entity

One Managed Investment Funds Limited (**OMIFL**) is the responsible entity of the Fund and is the holder of AFSL No. 297042 issued by ASIC. OMIFL has extensive experience as a corporate trustee and custodian, and is a professional responsible entity operating numerous managed investment schemes.

OMIFL is the issuer of this PDS and of the Units. OMIFL's role is to manage and administer the Fund in accordance with the Constitution and the Corporations Act and is required to act in the best interests of Investors. Generally, OMIFL also holds the Assets of the Fund on trust for Investors but may appoint a Custodian to hold all or some of the Assets.

## The Investment Manager

OMIFL has appointed Euree Asset Management Pty Ltd (**Euree**) as the investment manager for the Fund. Euree is the holder of AFSL No. 546248 issued by ASIC. As the investment manager, Euree is responsible for among other things, managing the investments of the Fund.

Euree is a boutique asset manager located in Australia that uses its expertise across all asset classes to manage both direct and multi-asset portfolios for retail and wholesale clients. Euree aims to employ its expertise to create value and generate attractive returns for Investors.

The Investment Manager's AFSL grants authorisation to it in respect of wholesale clients only, and accordingly it is not able to deal with retail clients.

Please see Section 5 of this PDS for more information.

## Custodian

OMIFL will generally perform self-custody in respect of the Assets. OMIFL may, without your consent or notice to you, appoint a suitable qualified Custodian to hold all or some of the Assets. The role of the Custodian is limited to holding assets of the Fund and it has no supervisory role in relation to the operation of the Fund. The Custodian does not make investment decisions in respect of the Assets held nor manage those assets and has no liability or responsibility to investors in the Fund. OMIFL may change the appointed Custodian from time to time, without notice to you.

# 2. How the Euree A-REIT Securities Fund works

△ You should read the following important information before making a decision to invest in the Fund: **Section 2: How the Euree A-REIT Securities Fund works.** Go to Section 2 of the AIB at [www.oneinvestment.com.au/EureeAREITSecurities](http://www.oneinvestment.com.au/EureeAREITSecurities). Note the information may change between the time when you read this PDS and when you acquire or dispose of Units in the Fund.

The Fund is registered as a managed investment scheme under the Corporations Act and is structured as a unit trust.

Investors' funds are pooled and managed in accordance with a set objective and strategy. As an Investor, you have a fixed beneficial interest in the assets of the Fund calculated as the proportion your Unit holding represents of all the Units in the Fund on issue at the relevant date and time. You do not however, have a right to demand that any particular Assets of the Fund be transferred to you.

ASIC has a website [www.moneysmart.gov.au](http://www.moneysmart.gov.au) that has more information on managed investment schemes.

## Prices of your Units

When you invest in or withdraw from the Fund you will transact at the prevailing Unit price adjusted on account of the buy spread (**Issue Price**) or sell spread (**Withdrawal Price**).

The initial Unit price of Units in the Fund will be \$1.00. From then on, units will be issued at the prevailing Issue Price. When you withdraw from the Fund your Units are redeemed at the prevailing Withdrawal Price.

The Issue Price and the Withdrawal Price of Units are determined on each Business Day. The price per Unit is determined by dividing the net asset value of the Fund by the number of Units on issue at the relevant time. The Unit price will be influenced by a number of factors which includes movements in the value of the Fund's Assets, and the Unit price may vary as the market value of the Fund's Assets rises and falls. When applying for or withdrawing Units, the Unit price you pay or receive will also be adjusted on account of the buy spread (**Issue Price**) or sell spread (**Withdrawal Price**) and, in each case, rounded to 4 decimal places or other amount as determined by the Responsible Entity. The Buy/Sell Spread is an adjustment which takes into account any buying and selling costs associated with the underlying assets of the Fund (e.g. brokerage). See Section 6 for further information.

For a copy of OMIFL's Unit Pricing Policy, please contact OMIFL. Unit prices will be displayed on Euree's website – [www.eureeassetmanagement.com](http://www.eureeassetmanagement.com).

## Minimum Investment

The minimum investment you may make in the Fund is \$10,000. Subsequently, amounts in addition to this minimum investment may be contributed in amounts of no less than \$1,000.

The number of Units issued to you when you make an investment will be calculated by dividing the amount you invest by the applicable Issue Price.

## Applications

When making your initial application you must complete an Application Form with the link which accompanies this PDS and can be found at [www.oneinvestment.com.au/EureeAREITSecurities](http://www.oneinvestment.com.au/EureeAREITSecurities). See Section 8 on how to apply. You can increase your investment at any time by making an application for additional Units. OMIFL reserves the right to accept or reject any application for Units.

Applications will only be processed on Business Days. The cut-off time for each Business Day for receiving applications and cleared funds is 2.00pm Sydney time. Completed applications received before the cut-off time will be processed using the Issue Price on that day. Applications received after that time, or on a non-Business Day, will be taken to have been received before the cut-off time on the next Business Day and will be processed using the Issue Price on that Day.

Direct applications will not be considered "completed applications" and will not be processed until all application money in cleared funds and all required documentation is received (including any requested "KYC" documentation required under AML/CTF Legislation).

Confirmation of an investment will normally be issued within 5 Business Days after the application is processed. Please note that we may, without giving any reason, refuse all or part of an application.

The material relating to how to apply may change between the time when you read this PDS and the day when you acquire Units. Before deciding to invest you must read this PDS, AIB and the TMD and any other information relevant to the Fund.

## Withdrawals or redemptions

If you wish to exit the Fund, you must submit a request to the Responsible Entity through its Registry Provider. These requests are known as either a withdrawal request or a redemption request.

The Fund is managed with the intention of generating returns over the medium to longer term. Euree recommends that you keep your investment in the Fund for a minimum period of 3 years.

When the Fund is 'liquid' (as defined in the Corporations Act), you may make withdrawal requests for all or part of your investment.

A withdrawal request may be made by submitting a written request to redeem all or part of your Units to the Registry Provider. Withdrawals will only be processed on Business Days. Withdrawal requests received before 2.00pm Sydney time on a Business Day will generally be processed using the Withdrawal Price applicable for that day. Withdrawal requests received after that time, or on a non-Business Day, will generally be processed using the Withdrawal Price applicable for the next Business Day and will be processed using the Withdrawal Price on that day.

Withdrawal proceeds are usually paid within 2-7 days after the withdrawal request is accepted and processed and are paid by direct credit to your nominated financial institution account.

## Restrictions on Withdrawals

In certain circumstances, such as a suspension on withdrawals or where the Fund is 'non-liquid' (as defined in the Corporations Act), you may have to wait a longer period of time before you can redeem your investment. Circumstances include:

- where it is impracticable to determine the Withdrawal Price;
- where satisfaction of all withdrawal requests would involve realisation of a significant amount of the Fund's Assets;
- where OMIFL reasonably considers it is in the best interests of Investors; or
- where the Constitution or law otherwise permits.

## Income Distributions

The distributable income payable to Investors is generated from the net earnings of the Fund. Distributable income to which you are entitled will be paid to your nominated financial institution and that includes an Indirect Investor where the IDPS operator has elected to receive distribution in cash.

Your entitlement to distributable income is calculated quarterly (as at 30 September, 31 December, 31 March and 30 June) based on your Unit holding in the Fund as at the final day of the Distribution Period and on the winding up of the Fund. You may elect for any distributable income to be reinvested into the Fund on your behalf (and additional Units will be issued to you in consideration for this reinvestment). Units issued for reinvested distributions will be issued at the Unit price calculated on the next Business Day after the relevant Distribution Period. No Buy/Sell Spread applies to Units issued to you as a result of reinvestment of your income entitlement. Income (if any) to which you are entitled will normally be paid to you within 20 Business Days after the end of the Distribution Period or when possible following the winding

up of the Fund. Investors should be aware that there may be tax implications associated with the reinvestment of your income entitlement. Investors should obtain professional tax advice before investing in the Fund and make their own arrangements for any tax liabilities that arise.

Your entitlement to distributable income is calculated by determining the realised income of the Fund for the Distribution Period after allowing for all expenses incurred by the Fund; and dividing the total distributable income for that period by the number of Units on issue on the last day of the Distribution Period to determine the income per Unit; and then multiplying the income per Unit by the number of Units you hold. Investors should be aware that an investment in the Fund carries the risk that you may lose some or all of your investment and distributions are not guaranteed (see Section 4 of this PDS).

## Changes to Fund Details

OMIFL may make changes to the Fund at any time, and in some cases without prior notice. This could include closing or terminating the Fund (even before the minimum recommended investment period has expired), changing the Fund's Investment Manager, amending its investment parameters including the investment objective and strategy, or changing the asset class allocation ranges and currency strategy (if applicable). Refer also to 'Updated Information' in Section 9 of this PDS.

# 3. Benefits of Investing in the Fund

## Significant Features

The Fund invests in an actively managed and diversified portfolio of predominantly Australian listed real estate investment trusts (A-REITs) and property related securities.

The Fund may also invest up to 10% of the Fund's Assets in cash.

The Fund will not invest in derivatives (including for the purpose of hedging), sell short, or borrow money to invest.

## Significant Benefits

An investment in the Fund offers the following significant benefits:

- **access to a high conviction active investment strategy**, with focused research and investment processes, that seek to provide higher returns with lower volatility than the market by building a portfolio based on individual merit and not by benchmark weights;
- **access to the extensive experience of Euree** to manage the Fund's investments;
- **exposure to property** as the Fund provides access to a diversified portfolio of quality ASX listed property securities which own office, retail, industrial, residential and property related social infrastructure assets;
- **a capacity limit** of 1.0% of the market capitalisation of the S&P/ASX 300 A-REIT Index to enable the Fund to take active positions in smaller securities and allow more efficient management of re-weightings between individual securities; and
- **quarterly distributions** which can be reinvested in the Fund or can be paid to your nominated financial institution account.

# 4. Risks of Managed Investment Schemes

△ You should read the following important information before making a decision to invest in the Fund: **Section 4: Risks of Managed Investment Schemes**. Go to Section 4 of the AIB at [www.oneinvestment.com.au/EureeAREITSecurities](http://www.oneinvestment.com.au/EureeAREITSecurities). Note the information may change between the time when you read this PDS and when you acquire or dispose of Units in the Fund.

All investments carry risk. Managed investment schemes may invest in a range of asset classes, for example, cash, bonds, equities, and property, each of which offer different levels of risk. The likely investment return, and the level of risk of losing money, differs among managed investment schemes depending on the underlying strategy and mix of assets. Typically, those assets with the highest potential long-term return also have the highest level of short-term risk.

When considering investing in any managed investment scheme, it is important to understand that:

- (a) the value of your investment will likely go up and down;
- (b) the returns of your investment or payment of income is not guaranteed;
- (c) you may lose some or all of your money;
- (d) the level of returns will vary, and past performance and returns are not an accurate predictor of future performance and returns;
- (e) laws affecting your investment in a registered managed investment scheme may change; and
- (f) the appropriate level of risk for you will depend on a range of factors including your age, investment time frame, where other parts of your wealth are invested and how tolerant you are to the possibility of losing some of your money.

When deciding whether to invest in the Fund, you must decide whether, given the nature of trading undertaken by Euree and the Fund's underlying investments, your financial situation permits you to participate in an investment that involves a very high degree of risk. You may lose a substantial portion or even all of the money you invest in the Fund.

Past returns do not guarantee future returns. You may lose some or all of your invested capital. Risk can be managed but it cannot be completely eliminated. Some of the significant risks of an investment in the Fund are:

#### **Market risk**

The risk that the market price of an Asset will fluctuate as a result of factors such as economic conditions, government regulations, market sentiment, local and international political events and environmental and technological issues. Market risks may have different impacts on each type of asset, investment style and Investor.

#### **Security specific risk**

The risk associated with an individual Asset. The price of any securities invested in by the Fund may be affected by unexpected changes in a particular entity's operations such as changes in management, the loss of a significant customer or tenant or a change in the income or the value of the assets in which they invest.

#### **Liquidity risk**

The risk that an investment made by the Fund may not be easily converted into cash with little or no loss of capital and minimum delay. This may cause a delay or freeze in processing withdrawal requests.

#### **Interest rate and inflation risk**

Changes in interest rates can have a positive or a negative impact directly or indirectly on investment values and/or returns on securities in which the Fund invests. The capital value or income of a security held by the Fund may be adversely affected by interest rate movements. High levels of inflation and rising interest rates may adversely affect the Fund, including by reducing the amount the Fund has available to distribute as income to Investors.

#### **Manager and Key person risk**

The financial performance of the Fund depends primarily on the level of skill and performance of Euree and the successful implementation of the investment strategy. There is a risk that Euree may make poor investment decisions or that its investment methods may be inappropriate or incorrect resulting in poor or nil returns.

The skill and performance of Euree as the Investment Manager can impact the Fund's investment returns. Changes in the key personnel and resources of Euree may also have an impact on the Fund. As a result, the Fund may underperform its target compared to other Fund's with a similar investment strategy.

#### **Fund risk**

Risks specific to the Fund include the risk that the Fund could terminate (including before the recommended minimum term or at the bottom of the investment cycle) and that the fees and costs payable by the Fund could change. There is also a risk that investing in the Fund may give different results than investing directly because of income or capital gains accrued in the Fund and the consequences of investments and withdrawals by other Investors.

#### **Underlying Assets**

There is no guarantee that entities invested into by the Fund (including funds, companies, listed investment companies (LITs) or listed Investment trusts (LICs)) either through asset allocation strategy or individual investment selections will provide positive investment performance at all stages of the investment cycle.

#### **Credit Risk**

Investment in credit securities or fixed income instruments carry credit risk. This may include adverse events associated with the issuer, or market developments leading to a downgrade in the securities market value.

#### **Cyber Risk**

There is a risk of fraud, data loss, business disruption or damage to the information of the Fund or to investors' personal information as a result of a threat or failure to protect the information or personal data stored within the IT systems and networks of the Responsible Entity and its agents.

#### **Pandemic risk**

While the impact of COVID19 or any future pandemic is not able to be forecast, there is a risk that the broad economic conditions caused by pandemics may adversely affect the Fund, including the value of the Fund's investments and the Fund's earnings and income distributions.

## **5. How We Invest Your Money**

**You should consider the Fund's investment objective, the Fund's likely investment return, risk level, your individual circumstances and your time frame before choosing to invest in the Fund.**

### **Description of the Fund**

The Fund will give you exposure to a varying mix of listed A-REITs across but not limited to the retail, residential, commercial, hotel, industrial, rural, childcare and seniors/retirement living sectors. The Fund may also invest in a selected range of other assets including listed property related securities, such as property developers and property fund managers, cash and fixed interest. Euree will make decisions about buying and selling investments of the Fund on a daily basis, if considered appropriate (often called active management), selecting individual investments and also changing the mix of the types of investments.

### **Investment Return Objective**

The aim of the Fund is to outperform the S&P/ASX 300 A-REIT Accumulation Index by 1.5% p.a. (after fees) over rolling 3-year periods whilst also aiming to achieve a balance between growth in the value of your Units as well as income from your investment. The returns from the Fund are not guaranteed.

### **Investment Strategy**

Euree utilises a disciplined investment process combining in-depth fundamental research with portfolio construction and risk controls with the aim to add consistent value over time. The basic premise of Euree's investment philosophy is that active management of a fund is the best way to respond to changing market expectations.

In assessing securities for inclusion in the Fund's portfolio, Euree has implemented a system driven process which produces a quality score for every security in its investment universe across a selection of factors including the sector and asset exposures, and financial management capabilities. The Fund's investment criteria does not take into account labour standards, environmental, social or ethical considerations for the purpose of selecting, retaining or realising an investment of the Fund.

## Asset Allocation and Range

Euree will actively adjust the investment mix within the investment guideline ranges set out below. The "target" position is intended to be the investment guideline for the mix of the investments of the Fund.

	Min (%)	Max (%)	Target (%)
Australian Listed A-REITs and listed property developers and managers	90	100	95
Cash and Fixed Interest	0	10	5

The investment mix can change within the above ranges significantly and sometimes quickly. Fund establishment, market movements, cash flows and changes in the nature of an investment amongst other things may cause the investment mix of the Fund to move outside the investment guideline range. If this occurs, Euree will seek to rectify the position as soon as reasonably practicable, and the temporary variance will not constitute a breach of the Fund's investment guidelines. In such circumstances Euree reserves the right to make investments through other funds and entities.

## Risk Level

Very high, when an investment in the Fund is held for at least 3 years. The risk of loss over the short term (less than 3 years) is very high when compared to managed investment schemes invested in asset classes such as cash or fixed interest securities. However, the Fund aims to produce more favourable returns over the medium to long term than cash or fixed interest securities, which is why the minimum suggested timeframe for an investment in the Fund is at least 3 years.

## 6. Fees and Costs

### DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns.

For example, total annual fees and costs of 2% of your investment balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower fees. Ask the Fund or your financial adviser.

### TO FIND OUT MORE

If you would like to find out more or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC) Moneysmart** website ([www.moneysmart.gov.au](http://www.moneysmart.gov.au)) has a managed funds fee calculator to help you check out the different fee options.

△ You should read the following important information before making a decision to invest in the Fund: **Section 6: Fees and Costs**. Go to Section 6 of the AIB at [www.oneinvestment.com.au/EureeAREITSecurities](http://www.oneinvestment.com.au/EureeAREITSecurities). Note the information may change between the time when you read this PDS and when you acquire or dispose of Units in the Fund.

## Fees and costs summary

This section shows fees and other costs that you may be charged. These fees and costs may be deducted from the money you invest, from the returns on your investment or from the Fund's Assets as a whole. Information on taxation is set out in Section 7. You should read the information about fees and costs because it is important to understand their impact on your investment. The information in the table may be used to compare costs between different simple managed investment schemes.

## EUREE A-REIT SECURITIES FUND

Type of fee or cost	Amount	How and when paid
<b>Ongoing annual fees and costs<sup>1</sup></b>		
<b>Management fees and costs<sup>2</sup></b>	0.85% p.a. of NAV	The management fees and costs are deducted from the Fund's Assets and are reflected in its Unit price. The management fee is payable to the Euree. The management fee is calculated daily and deducted from the assets of the Fund on the first day of each month. Indirect costs are deducted from the Fund's assets as and when incurred. Euree pays the expenses of the Fund (other than the extraordinary expenses) from the management fee. Extraordinary expenses are paid from the Fund assets as and when incurred.
The fees and costs for managing your investment <sup>2</sup>		
<b>Performance fees</b>	Nil	Not applicable
Amounts deducted from your investment in relation to the performance of the product		
<b>Transaction costs</b>	0.082% p.a. of NAV	Transaction costs are recovered as and when they are incurred and are disclosed net of amounts recovered by any buy spread or sell spread. Transaction costs are deducted from the Assets of the Fund.
The costs incurred by the scheme when buying or selling Assets		
<b>Member activity related fees and costs (fees for services or when your money moves in or out of the scheme)<sup>3</sup></b>		
<b>Establishment fee</b>	Nil	Not applicable

<b>Contribution fee</b>	Nil	Not applicable
The fee on each amount contributed to your investment		
<b>Buy/Sell Spread</b>	0.25% upon entry and 0.25% upon exit	The prevailing buy spread and sell spread will be published on the Fund website. The buy spread and sell spread are notionally paid into the Fund when an Investor buys or sells Units and are reflected in the Issue Price and Withdrawal Price respectively.
An amount deducted from your investment representing costs incurred in transactions by the scheme		
<b>Withdrawal fee</b>	Nil	Not applicable
The fee on each amount you take out of your investment		
<b>Exit fee</b>	Nil	Not applicable
The fee to close your investment		
<b>Switching fee</b>	Nil	Not applicable
The fee for changing investment options		

- All fees quoted above are inclusive of Goods and Services Tax (GST) and net of any Reduced Input Tax Credits (RITC). See below for more details as to how the relevant fees and costs are calculated.
- The management fee component of management fees and costs can be negotiated. See "Differential fees" in the "Additional Explanation of Fees and Costs" below.
- If you have a financial adviser, then you may also have to pay additional fees to your adviser see **Warning** below.

## Example of annual fees and costs for the Fund

This table gives an example of how the ongoing annual fees and costs for this product can affect your investment over a one-year period. You can use this table to compare this product with other simple managed investment schemes.

EXAMPLE – EUREE A-REIT SECURITIES FUND		Balance of \$50,000 with a contribution of \$10,000 during year
Contribution Fees	Nil	For every additional \$5,000 you put in, you will be charged \$0.
PLUS Management fees and costs	0.85% of Net Asset Value of the Fund	<b>And</b> , for every \$50,000 you have in the Fund, you will be charged or have deducted from your investment \$425 each year
PLUS Performance fees	Nil	<b>And</b> , you will be charged or have deducted from your investment \$0 in performance fees each year
PLUS Transaction costs	0.082% of Net Asset Value of the Fund	<b>And</b> , you will be charged or have deducted from your investment \$41 in transaction costs
EQUALS Cost of the Fund		If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, you would be charged fees and costs in the range of: <b>\$466*</b> <b>What it costs you will depend on the fees you negotiate.</b>

\*Additional fees may apply. Please note that this example does not capture all the fees and costs that may apply to you, such as the Buy/Sell Spread.

When calculating ongoing annual fees and costs the above table, the law says we must assume that the value of your investment is \$50,000. The example therefore assumes the additional \$5,000 is invested at the end of the year and the value of the investment is constant over the year. Ongoing annual fees and costs actually incurred will depend on the market value of your investment and the timing of your contributions (including any reinvestment of distributions). The examples assume no abnormal expenses are incurred, and no service fees are incurred by you and no fees are negotiated.

**Warning:** If you have consulted a financial adviser, you may pay additional fees. You should refer to the Statement of Advice or Financial Services Guide provided by your financial adviser in which details of the fees are set out. Investors may direct OMIFL to pay their adviser a professional fee for service.

ASIC provides a fee calculator on [www.moneysmart.gov.au](http://www.moneysmart.gov.au), which you may use to calculate the effects of fees and costs on account balances. The indirect costs and other expenses component of management fees and costs and transaction costs may also be based on estimates. As a result, the total fees and costs that you are charged may differ from the figures shown in the table.

## Changes to Fees or Costs

The fees and costs as set out above may change, without your consent, subject which maximum limits specified in the Constitution. Reasons might include changing economic conditions and changes in regulation. Investors will be advised of any increase to fees and charges at least 30 days prior to the changes taking effect, allowing you to withdraw from the Fund.

## GST

Government taxes such as GST will be applied to your account as appropriate. In addition to the fees and costs described in this section, standard government fees, duties and bank charges may also apply such as stamp duties. The fees outlined in this PDS are inclusive of GST and take into account any RITC that may be available.

## IDPS

If you invest in the Fund via an IDPS, additional fees may be charged by the IDPS operator for investing in the Fund.

## 7. How Managed Investment Schemes are Taxed

△ You should read the following important information before making a decision to invest in the Fund: **Section 7: How Managed Investment Schemes are Taxed**. Go to Section 7 of the AIB at [www.oneinvestment.com.au/EureeAREITSecurities](http://www.oneinvestment.com.au/EureeAREITSecurities). Note the information may change between the time when you read this PDS and when you acquire or dispose of Units in the Fund.

**Your investment in a managed investment scheme will have tax consequences and we strongly advise you to seek professional advice before investing in the Fund. The following summary is general in nature and does not constitute tax advice. You should seek independent professional advice on the tax consequences of making an investment in the Fund, based on your particular circumstances, before making a decision to invest.**

**The following summary is provided on the basis that the Investor is an Australian resident for tax purposes who holds their Units in the Fund directly on capital account.**

It is intended that the Fund will operate as an Attribution Managed Investment Trust (AMIT). Where this is the case, the Fund should generally not be liable to pay income tax where the Responsible Entity properly attributes all of the Fund's taxable income and tax offsets, on a fair and reasonable basis, to Investors in accordance with the Fund's constituent documents. It is the intention of the Responsible Entity to ensure that this is the case. The Fund should not be required to withhold tax from distributions (other than certain withholdings – e.g. no TFN withholding or amounts attributable to non-residents).

Where the Fund is an AMIT, as an Investor, you will be treated as having derived your share of the taxable income and tax offsets of the Fund directly on a flow through basis. This will be the case even if your income entitlement is not paid to you in cash but reinvested back into the Fund. In the case where the Fund makes a loss for tax purposes, the Fund cannot distribute the loss to Investors. However, subject to meeting certain conditions, the Fund may be able to take the losses into account in subsequent years.

Investors will be required to include amounts in their assessable income, or include tax offsets in the calculation of their tax liability, according to the attribution of such amounts made by the Responsible Entity.

The Fund may attribute a number of different types of income to Investors which reflect the income derived by the Fund. It is expected that these components may include franked dividends, other Australian source income (such as rental income and interest) and net capital gains.

The taxable components of the Fund which an Investor is required to include in their assessable income may be different from the cash distribution received by the Investor in respect of their units.

In certain circumstances an Investor may be required to make adjustments (both upward and downward) to the cost base of their Units in the Fund.

You will be issued with a taxation statement annually (an Attribution Managed Investment Trust Member Annual (AMMA) Statement) which will set out relevant taxation information to help you complete your tax return. The AMMA statement will include the amount of any cost base adjustment you are required to make in relation to your unit holdings in the Fund.

If an Investor acquires Units in the Fund part way through a distribution period, all or part of accumulated income which is reflected in the unit price for the Units acquired may be attributed to the Investor as taxable income.

If an Investor redeems Units in the Fund part way through a distribution period, the value of accumulated income may be included in the redemption price and attributed to the Investor as taxable income.

The withdrawal or redemption of units by an Investor holding their units on capital account will constitute a capital gains tax (CGT) event and require the Investor to calculate a capital gain or capital loss. A capital gain will also arise where non assessable distributions are made by the Fund in excess of the Investor's cost base in a Unit.

Individuals, trusts (in certain circumstances) and complying superannuation entities may be eligible for the CGT discount concession in relation to capital gains made with respect to units in the Fund held for at least 12 months prior to disposal which can reduce the capital gain by one half (individuals and trusts) or one third (complying superannuation entities).

The issue and redemption of Units in the Fund should not be subject to GST.

An Investor need not quote a tax file number (TFN) when applying for Units. However, if a TFN is not quoted, or an appropriate TFN exemption is not provided, tax may be required to be deducted by the Responsible Entity from any attribution/distribution at the highest marginal tax rate plus Medicare Levy. If the Investor holds Units in the course of furtherance of an enterprise, an ABN can be quoted instead of a TFN. The Investor may be able to claim a credit in their tax return for any TFN or ABN tax withheld.

## 8. How to Apply

△ You should read the following important information before making a decision to invest in the Fund: **Section 8: How to Apply**. Go to Section 8 of the AIB at [www.oneinvestment.com.au/EureeAREITSecurities](http://www.oneinvestment.com.au/EureeAREITSecurities). Note the information may change between the time when you read this PDS and when you acquire or dispose of Units in the Fund.

In order to apply, you must:

- Read this PDS, AIB and TMD in their entirety. These documents are available at the Website or by calling OMIFL on 02 8188 1510.
- Complete the Application Form on-line providing all the requested materials.
- Investors may invest a minimum of \$10,000 in the Fund. See Section 2 of this PDS for the calculation of Unit Pricing.
- Send your investment amount using the details included the Application Form.

Please note that as part of the application process we are required by law to verify your identity and tax residency status before accepting your application. Please refer to the Anti-Money Laundering and Counter-Terrorism Financing Act information in the AIB.

### IDPS Investors

If you are investing the Fund via an IDPS you are an Indirect Investor. This means that it is the IDPS which invests for you and has the rights of an Investor. As an Indirect Investor you do not have to complete any investments forms. We will not send any confirmation letters, distribution statements or annual tax statements. These will be provided by your IDPS operator.

### Cooling-off Period

A 14-day cooling-off period applies to your investment (except if you are an Indirect Investor). Your cooling-off period commences on the earlier of the date on which you receive confirmation of your investment in the Fund and the end of the fifth day after we issue your Units to you.

If you notify us of your wish to withdraw your investment in writing during your cooling-off period, then we will return your money to you and no fees will apply. However, if your Units have already been issued to you, then they will be redeemed at the Unit price on the day of the redemption which may be different (higher or lower) to the price which they were issued. There may also be some tax consequences which arose during the holding period (however brief).

Indirect Investors should consult with IDPS provider about any right to cooling off provisions, which may differ from those apply to Investors who purchase Units in the Fund directly.

## Complaints

The Responsible Entity takes complaints seriously and aims to resolve all complaints as quickly as possible. In the first instance, if you have a complaint, then you should notify the Responsible Entity immediately using the following contact details:

Address: Level 16, Governor Macquarie Tower  
1 Farrer Place, Sydney NSW 2000  
PO Box, R1471 Royal Exchange NSW 1225

Phone: 02 8277 0000

Email: [complaints@oneasset.com.au](mailto:complaints@oneasset.com.au)

If an Investor is not satisfied with the final complaint outcome proposed, any aspect of the complaints handling process or a delay in responding by the maximum response time, the Australian Financial Complaints Authority (AFCA) may be able to assist. AFCA operates the external complaints resolution scheme of which the Responsible Entity is a member.

If you seek assistance from AFCA, their services are provided at no cost to you.

## 9. Additional Information

△ You should read the following important information before making a decision to invest in the Fund: **Section 9: Additional Information**. Go to Section 9 of the AIB at [www.oneinvestment.com.au/EureeAREITSecurities](http://www.oneinvestment.com.au/EureeAREITSecurities). Note the information may change between the time when you read this PDS and when you acquire or dispose of Units in the Fund.

We reserve the right to change the terms of this Fund where permitted to do so by the Fund's Constitution, PDS and the relevant law. The information in this PDS is up to date at its issue date, however certain information in this PDS and the incorporated materials may change from time to time – this includes but is not limited to possible changes which we have identified. Where we indicate to you that we will give notice of these changes, or where changes that are not materially adverse to you occur, we will update this information on our website, [www.oneinvestment.com.au/EureeAREITSecurities](http://www.oneinvestment.com.au/EureeAREITSecurities). A paper or electronic copy of the updated information will also be available free of charge upon request by calling OMIFL on 02 8188 1510.

### Privacy and collection and disclosure of personal information

*The Privacy Act 1998* (Cth) regulates, among other things, the collection, disclosure and access to personal information. By applying to invest in the Fund, you consent to your information being collected, used and disclosed by the Registry Provider and by the Responsible Entity for the purposes disclosed their respective Privacy Policies and in Section 9 of the AIB.

### Important Information

The information in this document forms part of the Product Disclosure Statement (PDS) issued in relation to the Euree A-REIT Securities Fund ARSN 669 664 500 (Fund) dated 11 August 2023. A copy of the PDS and this document can be obtained at no cost by calling One Managed Investment Funds Limited on 02 8188 1510 or by downloading it from the website [www.oneinvestment.com.au/EureeAREITSecurities](http://www.oneinvestment.com.au/EureeAREITSecurities). You should read both the PDS and all incorporated information before making a decision about whether to invest in the Fund. Defined terms used in the PDS have the same meaning in this Additional Information Booklet (AIB) unless stated otherwise. We recommend that you keep a copy of the PDS for the Fund and this AIB for future reference.

The information provided in the PDS and this AIB is general in nature and does not take into account your personal financial situation or needs. You should seek independent financial advice tailored to your own needs before making a decision about whether to invest in the Fund. A Target Market Determination (TMD) is made available for the Fund at [www.oneinvestment.com.au/EureeAREITSecurities](http://www.oneinvestment.com.au/EureeAREITSecurities) free of charge upon request by contacting us.

All dollar amounts are in Australian dollars unless otherwise indicated. The PDS does not constitute an offer or invitation in any jurisdiction other than in Australia and the offer under the PDS may only be accepted in Australia. Applications from outside Australia will not be accepted through the PDS. None of the Responsible Entity, Custodian, Registry, Administrator or the Investment Manager or any of their respective employees, agents and officers, guarantees the success, repayment of capital, rate of return on income or capital or investment performance of the Fund.

## 1. About One Managed Investment Funds Limited

One Managed Investment Funds Limited (**OMIFL**) has extensive experience as a professional trustee and is a member of One Investment Group (**OIG**).

OIG is an independent Australian funds management business that focuses on providing responsible entity, trustee and other services associated with funds management. OIG operates a number of entities that, pursuant to the Corporations Act, are licensed to conduct financial services businesses and to act as responsible entities for registered schemes and as trustees for unregistered schemes.

OIG is responsible for in excess of 300 funds and \$35 billion across a wide range of underlying asset classes, including fixed income, infrastructure, real estate, equities, private equity and fund of funds. OIG's clients include global and Australian listed companies, sovereign wealth funds, banks, insurance companies, pension funds, private equity firms and boutique managers.

## 2. How the Fund works

### Investing through an IDPS

OMIFL consents to the use of the PDS by IDPS operators that include the Fund on their investment menu. If you invest in the Fund through an IDPS, the IDPS operator will hold Units in the Fund on your behalf. This means that the IDPS operator is the Investor and has an Investor's rights. The IDPS operator can exercise, or decline to exercise, their rights as an Investor in accordance with the arrangements governing the IDPS. Indirect Investors in the Fund should note that some information in the PDS may be relevant only for direct Investors.

### Investing

To invest in the Fund, complete the application form accompanying the PDS. Additional investments can be made at any time in writing and will generally be processed daily. Any interest earned in the application or distribution account will be retained by the Responsible Entity.

If you apply for Units in the Fund using electronic means, you accept full responsibility (to the extent permitted by law) for any loss arising from the Responsible Entity acting upon application forms and supporting documents received by email or fax. You release from and indemnify the Responsible Entity and its agents for any liabilities arising from the Responsible Entity or its agents (including the Registry and Administrator) acting on application forms and supporting documents received by email or fax, even if those documents are ultimately found to be deficient. You also agree that neither you nor any other person has any claim against the Responsible Entity and its agents (including the Registry and Administrator) in relation to a payment processed, Units issued, or other action taken by us if we rely on application forms and supporting documents received by email or fax.

### Unit Pricing Policy

We may exercise certain discretions in determining the Unit price of Units on application and withdrawal in the Fund. The Unit Pricing Policy, which can be obtained from our website or by contacting us on 02 8277 0000, sets out the types of discretions that we may exercise and in what circumstances, the policies on how we exercise the discretions and the reasons why we consider the policies reasonable.

### Income Distributions Reports

Details relating to any tax-free or tax-deferred components, imputation credits or capital gain components for all distribution payments made during the year will be forwarded to Investors after the end of each financial year.

### Income Payments

Income distributions must be paid by either of the following methods:

- direct transfer to a nominated bank account; or
- reinvestment to purchase additional Units.

Investors need to complete the appropriate section in the Application Form to elect their choice. If there is no notification of method of payment on the Application Form (or subsequent notification), income distributions will be reinvested, unless in the case of an Indirect Investor, the IDPS operator has elected to receive distribution in cash. A request for distribution reinvestment or cancellation of a request is effective if received in writing by OMIFL at least 21 days (or as otherwise determined by us from time to time) before the end of a Distribution Period.

### Withdrawals

A withdrawal request may be made by submitting a written request to redeem all or part of your Units to the Administrator. The Responsible Entity only accepts scanned withdrawal requests on the following conditions:

- (a) all instructions are legible;
- (b) all instructions bear your Investor number and signature; and
- (c) withdrawal proceeds will only be transferred to the financial institution account previously nominated on the application form (Nominated Bank Account) originally received from you or otherwise notified to us in writing. (Note that to make any account changes, the Responsible Entity requires an original authorisation signed by the account signatories).

These terms and conditions are additional to any other requirements for giving withdrawal instructions.

Under the Constitution however, OMIFL has 60 days to determine whether it will give effect to the withdrawal request from the date of receipt of such request. If OMIFL determines to give effect to the withdrawal request, OMIFL must satisfy the request within 21 days from the date on which it determines to give effect to the request.

If the Fund is not liquid, withdrawal requests can only be made in accordance with the Constitution and Corporations Act.

If you apply to withdraw Units in the Fund using electronic means, you must accept full responsibility (to the extent permitted by law) for any loss arising from the Responsible Entity acting upon faxed or scanned instructions which comply with the above conditions and you also agree to release and indemnify the Responsible Entity and its agents (including the Administrator) for any liabilities arising from us acting on faxed or scanned instructions even if those instructions are ultimately found to be deficient. You also agree that neither you nor any other person has any claim against the Responsible Entity and its agents (including Administrator) for Units withdrawn, a payment made or action taken by the Responsible Entity if we rely on documents purportedly from you received by email or fax in accordance with the above conditions. The amount of money you receive is determined by the Unit price calculated at the time of the withdrawal request. We can withhold from your account any amounts owed by you. We pay withdrawal proceeds to your Nominated Bank Account; however, we are permitted under the Constitution of the Fund to pay proceeds in kind (i.e. in specie).

### Delays

Subject to the requirements of the Corporations Act, we can delay (suspend) withdrawals or applications for such period as considered necessary in our view to protect the Fund or otherwise in the interests of Investors as a whole in circumstances including but not limited to:

- (a) any relevant financial, stock, bond, note, derivative or foreign exchange market is closed;
- (b) trading on any such market is restricted;

- (c) an emergency (including an emergency caused by a mechanical or electronic malfunction) exists as a result of which it is not reasonably practicable for the Responsible Entity to acquire or dispose of the assets or to determine fairly the Unit price;
- (d) any state of affairs exists as a result of which it is not reasonably practicable for the Responsible Entity to acquire or dispose of the assets or to determine fairly the Unit price;
- (e) the existence of any moratorium declared by a government of any country in which a significant proportion of the Fund is invested;
- (f) we receive on any one day a quantity of withdrawal requests representing more than 5% of the value of the investments of the Fund where we can stagger withdrawal payments; or
- (g) the Fund terminates or the Responsible Entity is directed to terminate the Fund.

The Constitution for the Fund sets out the full range of circumstances in which we can delay application or withdrawal of your money.

### Compulsory Withdrawals

The Responsible Entity can also withdraw some or all of your Units without your permission including if your account falls below the minimum investment amount or if law requires.

## 3. Benefits of Investing in the Fund

No additional information has been incorporated by reference.

## 4. Risks of Managed Investment Schemes

### International investing risk

Where the Fund holds Assets that include assets not located in Australia, the Fund is indirectly exposed to risks of investing internationally, which includes adverse currency fluctuations, potential political and economic instability affecting overseas markets, limited liquidity and volatile prices of international investments and repatriation of funds. It is not our intention to hedge the foreign currency exposure of the Fund arising from investments in overseas markets. Further, the Australian entities in which the Fund invests may have investments overseas which also exposes these Fund investments to these international investing risks.

### Currency Risk

Where the Fund holds Assets that include investments located in jurisdictions outside of Australia, that Asset's returns may be affected by movements between the other currencies and the Australian dollar. It is not our intention to hedge the foreign currency exposure of the Fund arising from indirect investments in overseas markets.

### Allocation/Conflict of Interest Risk

Euree also acts as manager of the Group which can have similar investment objectives or invest in similar assets to the Fund but entitle the Investment Manager to different fees and expenses. It is therefore possible the Investment Manager may manage funds on behalf of others which invest in the same investments as the Fund. The Investment Manager is under no obligation to offer investment opportunities to the Fund. While the Investment Manager has implemented policies and procedures to identify and mitigate conflicts of interest, it is possible the Investment Manager may, in the course of its business, have potential conflicts of interest which may not be managed effectively and may be detrimental to the Fund and to you. The Investment Manager has developed an allocation policy to provide reasonable assurance that investments will be allocated appropriately and fairly among its clients.

### Regulatory risk

Governments or regulators may pass laws, create policy, or implement regulation that affect the Fund, its underlying investments or the ability of Euree to execute its investment strategies.

These initiatives may impact either a specific transaction type or market and may be either country specific or global. Changes may result in the Fund failing to achieve its investment objectives. Similarly, laws affecting registered managed investment schemes (including taxation and corporate and regulatory laws) may change in the future, affecting investors' rights and investment returns.

### Operational or Service Provider risk

There is a risk of loss resulting from inadequate or failed internal processes, people and systems, or from external events. The success of the Fund will also depend upon the skill and expertise of any service providers appointed in respect of the Fund. Adverse impacts may arise internally through human error, technology, or infrastructure changes, or through external events such as third-party failures or crisis events. There is the risk that service providers that hold financial and unit holder records for the Fund providers may fail to accurately price the Fund's units or properly retain and update the Fund's or investors' investment interests on a timely basis, or properly conduct and record the securities trading of the Fund.

OMIFL seeks to reduce this risk by only engaging with reputable service providers. It also has procedures in place to manage these risks, and as much as possible, monitor the controls within these procedures to ensure operational risks are adequately managed. OMIFL monitors the performance of service providers on a regular basis.

### Limited track record risk

The Fund is being offered for the first time and has no operating history upon which Investors can evaluate the anticipated performance of the investment.

## 5. How We Invest Your Money

No additional information has been incorporated by reference.

## 6. Fees and Costs

### Costs and Expenses in Managing the Fund

Under the Constitution, the Responsible Entity is entitled to all of the fees and expenses set out in the tables in section 6 of the PDS.

The dollar value of the fees and costs you are being charged may vary over time. Updated information about the Fund's fees and costs that is not materially adverse can be found on the Fund's website. Past costs are not a reliable indicator of future costs.

### Additional Information on Fees and Costs

#### Management fees and costs

##### Management fee

The Responsible Entity (and in turn, the Investment Manager) is entitled to a management fee of 0.85% p.a. of NAV (inclusive of GST and net of RITC).

The management fee is calculated daily and deducted from the assets of the Fund monthly in respect of the previous month or part of the month. The management fee component of management fees and costs can be negotiated.

Management fees and costs paid out of Fund assets reduce the Net Asset Value of the Fund and are reflected in the Unit price. Management fees and costs exclude transactional and operational costs (i.e. costs associated with investing the underlying assets, some of which may be recovered through Buy/Sell Spreads).

### Indirect Costs

Management costs may also comprise an indirect cost component. In general, indirect costs are any amounts that directly or indirectly reduce the returns on the Units that is paid from, or the amount or value of, the income or assets of the Fund (including an underlying investment of the Fund).

Indirect costs are reflected in the Unit price of your investment in the Fund. If indirect costs are included in the fee table in the PDS they will be based on the indirect costs incurred for a 12-month period, as a percentage of the average Net Asset Value of the Fund during that period.

Indirect costs are generally embedded in assets in which a Fund invests indirectly, such as through an interposed vehicle or in the cost of a derivative acquired by the Fund to gain a market exposure, rather than directly by the Fund. As at the date of the PDS, the Fund does not invest in interposed vehicles or use derivatives, and OMIFL estimates the indirect costs for the Fund will be nil, however this may change if, for example, the Fund invests in an interposed vehicle.

### Costs and Expenses in Managing the Fund

The Constitution allows OMIFL to recover expenses incurred in the proper administration of the Fund. Until further notice, all ordinary expenses and costs incurred in respect of the operation of the Fund will be paid for by the Investment Manager out of the management fee paid to it from the Fund.

Extraordinary expenses are, by their nature, unpredictable and non-recurring. All extraordinary expenses will be paid out of, or reimbursable from, the assets of the Fund. This includes fees being paid by OMIFL.

Examples of extraordinary expenses include, but are not limited to:

- convening a meeting of Investors;
- commencing or defending litigation proceedings;
- termination of the Fund;
- replacement of OMIFL;
- amending the Constitution or other Fund documentation; or
- preparing any replacement PDS, AIB and TMD.

### Transactional and Operational Costs and Buy/Sell Spread

Transactional and operational costs such as brokerage, bid-ask offer spreads on securities traded, settlement costs, clearing costs and governing charges may be incurred by the Fund as a result of changes in the Fund's investment portfolio either in relation to implementing the Fund's investment strategy or Investors entering or exiting the Fund.

The transaction costs shown in the Fees and Costs Summary are shown net of any amount recovered through the Buy/Sell Spread. Transaction costs are reflected in the Unit price and if applicable the Buy/Sell Spread. As these costs are factored into the asset value of the Fund's Assets and reflected in the Unit price, they are an additional cost to the Investor where it has not already been recovered by the Buy/Sell Spread.

Transaction costs are payable as and when they are incurred.

### Buy/Sell Spread

The Buy/Sell Spread represents a contribution to the transaction costs incurred by the Fund in buying and selling underlying financial products as a result of investments in, and withdrawals from the Fund. The purpose of the Buy/Sell Spread is to ensure that those Investors transacting in the Units at a particular time bear the costs of buying and selling the Fund's assets as a consequence of their transaction. The Buy/Sell Spread is an additional cost to Investors but is not a fee paid to any party; rather, it is retained as an asset of the Fund. The current Buy/Sell Spread for the Fund is +0.25%/-0.25%. The Buy/Sell Spread may change from time to time.

If the level of costs exceeds the Buy/Sell Spread, there will be additional transaction costs incurred by the Fund, affecting Investors' returns.

### Additional information

#### Maximum permitted fees

The Constitution provides that the following maximum fees can be charged by OMIFL:

- annual management fee of up to 2% p.a. (plus GST) of the gross asset value of the Group which will be allocated to the Fund on pro-rata basis.

These are the maximum fees that are allowable under the Constitution and not the actual management fees being paid by the Fund.

OMIFL is entitled to receive the following fees from Euree or where Euree fails to pay, from the Fund:

- (a) An ongoing responsible entity fee equivalent to the greater of \$5,000 per month plus GST (subject to annual CPI increases) or up to 2% p.a. of the gross asset value of the Group plus GST calculated as follows:
  - (i) 0.06% p.a. on the first \$100 million of the Group; plus
  - (ii) 0.04% p.a. of the Group in the range between \$100 million and \$500 million; plus
  - (iii) 0.03% p.a. of the Group in the range between \$500 million and \$1 billion; plus
  - (iv) 0.01% p.a. of the Group greater than \$1 billion.

The fee accrues daily and is payable monthly in arrears. For example, this fee will be \$60,000 p.a. until the gross value of the Group's assets exceeds \$100 million (**RE Fee**).
- (b) A custody fee equivalent to the greater of \$1,000 per month plus GST (subject to annual CPI increases) or up to 0.06% p.a. of the gross asset value of the Group plus GST calculated as follows:
  - (i) 0.03% p.a. on the first \$100 million of the Group; plus
  - (ii) 0.02% p.a. of the Group in the range between \$100 million and \$500 million; plus
  - (iii) 0.01% p.a. of the Group greater than \$500 million.

For example, this fee will be \$12,000 p.a. until the gross asset value of the Group's assets exceeds \$40 million (**Custody Fee**).
- (c) A removal fee equal to the balance of the RE Fee plus the balance of the Custody Fee we would have received had we remained the responsible entity of the Fund for four years from the issue of the first Unit under the PDS if:
  - (i) we are removed as responsible entity of the Fund within four years of the issue of the first Unit under the PDS, other than for gross negligence or for a breach of a fiduciary duty to Investors which causes them substantial loss, or
  - (ii) we retire as responsible entity of the Fund within four years of the issue of the first Unit under the PDS at the request of Euree in accordance with the Investment Management Agreement.

The amount of the removal fee is determined based on the gross value of the assets of the Fund at the time the removal fee becomes payable and is payable out of the assets of the Fund.

An example of the removal fee is as follows:

In this example it is assumed the removal fee becomes payable 24 months after the issue of the PDS and at that time the gross asset value of the Group is \$100 million. Here, the Responsible Entity would be entitled to a removal fee of \$180,000.00. The removal fee would be calculated as follows:

- (i)  $(\$100,000,000 \times 0.06\% \times 24/12) = \$120,000$  for Responsible Entity fees, plus
- (ii)  $(\$100,000,000 \times 0.03\% \times 24/12) = \$60,000$  for Custody Fees,

being a total removal fee of \$180,000.00.

The example above is provided for illustrative purposes only, and does not represent any actual or prospective removal fee amount. You should not rely on this example in determining whether to invest in the Fund.

Additional explanation of fees and costs

It is intended the management fee payable to Euree will cover the day-to-day fees and expenses of the Fund, including the fees payable to the responsible entity, administration fees, costs of preparation of annual tax statements, registry fees; and fees for the audit of Fund's financial reports and compliance plan (together, **Ordinary Expenses**).

To the extent the management fee is insufficient to cover the Fund's Ordinary Expenses, then Euree will cover any Ordinary Expenses out of its own funds.

However, if Euree does not pay any Ordinary Expenses, then under the Constitution OMIFL is entitled to, and will, collect them from the Assets. OMIFL is entitled to be reimbursed out of the Assets for all other miscellaneous Fund-related expenses, for example legal fees, taxation advice and costs of members' meetings.

Investors should be aware that the expenses charged to the Fund may fluctuate from time to time. Generally, operating costs and expenses are paid as and when incurred or reimbursed to the Responsible Entity or Euree, as appropriate.

Extraordinary expenses, such as Unit Holder meetings, are paid from the Fund assets as and when incurred.

### Different fees to Wholesale Investors

The Responsible Entity and/or the Manager may negotiate different fees with, or rebate a portion of their fees to, Wholesale Investors. This is because they invest large amounts of money into the Fund. In effect, this means they pay lower fees. The Responsible Entity and/or the Investment Manager will not ordinarily negotiate fees. Contact us using one of the methods listed on the inside back cover of the PDS for further information.

### Payment to platforms

The Investment Manager may use its own resources to provide assistance to IDPS operators to cover marketing and distribution of the Fund via an IDPS.

### Taxation

Taxation information is in section 7. The fees set out in the Fees and Costs Summary show the total cost to Investors, including the effect of GST (i.e. inclusive of 10% GST less any input tax credits, including reduced input tax credits). If the Responsible Entity or Investment Manager becomes liable to pay GST on fees not described in the PDS as GST inclusive, they are entitled to be reimbursed out of the assets of the Fund for the amount of GST.

## 7. How Managed Investment Schemes are Taxed

### Attribution Managed Investment Trust (AMIT)

The Constitution provides that OMIFL may elect for the Fund to enter into the Attribution Managed Investment Trust (**AMIT**) regime. An AMIT, in broad terms, is a managed investment trust (**MIT**) whose unitholders have clearly defined interests in relation to the income and capital of the trust and the trustee or responsible entity of the MIT has made an irrevocable election to apply the regime.

OMIFL is intending to make the election for the Fund to operate as an AMIT from inception. The Responsible Entity also intends to make the MIT Capital Election and therefore, all gains and losses of the Fund from 'eligible assets' (i.e. shares, units and options over those assets) will be assessed under the CGT provisions where the Fund qualifies as a MIT.

The AMIT rules contain several provisions that will impact on the taxation treatment of the Fund and Investors.

The key features of the AMIT regime include:

- an attribution model for determining member tax liabilities, which also allows amounts to retain their tax character as they flow through the trust to its members;
- the ability to carry forward understatements and overstatements of taxable income, instead of re-issuing Investor statements;
- deemed fixed trust treatment under the income tax law;
- upwards and downwards cost base adjustments to Units held by Investors where the taxable income (grossed up for any CGT discount) and any non-assessable non-exempt income is greater or less than (respectively) the cash distribution and tax offsets for an income year; and
- legislative certainty about the treatment of tax deferred distributions.

### FATCA

The Foreign Account Tax Compliance Act (**FATCA**) is United States (**US**) federal legislation that enables the US Internal Revenue Service (**IRS**) to identify and collect tax from US citizens or residents that invest in assets through non-US entities. In 2014, an Inter-Governmental Agreement (**IGA**) was signed between Australia and the US to facilitate the implementation of FATCA by Australian financial institutions.

If you are a US resident for tax purposes, then you should note the Fund will comply with its FATCA obligations by collecting, retaining and reporting about certain Investors to the ATO, which may then pass this information on to the IRS.

You should consult your advisers regarding the possible Implications of FATCA on an investment in the Fund and the information that may be required to be provided and disclosed to us, and in certain circumstances, to the IRS.

### Common Reporting Standard

The Australian government has implemented the OECD Common Reporting Standards Automatic Exchange of Financial Account Information (**CRS**). CRS, like the FATCA regime, will require banks and other financial institutions to collect and report information to the ATO. The ATO may pass this Information to foreign tax authorities who have adopted the CRS.

CRS will require certain financial institutions to report information regarding certain accounts to their local tax authority and follow related due diligence procedures. The Fund is expected to be a 'Financial Institution' under the CRS and intends to comply with its CRS obligations by obtaining and reporting information on relevant accounts (which may include your Units in the Fund) to the ATO. For the Fund to comply with their obligations, we will request that you provide certain information and certifications to us. We will determine whether the Fund is required to report your details to the ATO based on our assessment of the relevant information received.

The ATO may provide this information to other jurisdictions that have signed the “CRS Competent Authority Agreement”, the multilateral framework agreement that provides the mechanism to facilitate the automatic exchange of information in accordance with the CRS. The Australian Government has enacted legislation amending, among other things, the *Taxation Administration Act 1953* of Australia to give effect to the CRS.

## 8. How to Apply

Retail Investors who have not received personal financial product advice in connection with their application must complete the on-line application form as paper forms will not be made available. Retail Investors should follow the prompts in the on-line form providing all the information required.

Retail Investors who have received personal financial product advice and Wholesale Investors may complete a paper Application Form providing all the information required.

Both Application Forms include details on how to complete them, how to pay your application money, where to lodge the application form and any relevant documentation and are available from the website or by contacting us. Any questions on how to complete the form, should be directed to the contacts identified in the relevant form.

An application is not considered complete until the Registry Provider has received the application money in cleared funds, a completed Application Form and all information referred to in the Application Form. Failure to provide a completed application may delay the processing of your application.

## 9. Additional Information

### Significant documents

You should read and consider the PDS (including this AIB) and the TMD before making an investment decision.

#### Constitution and Compliance Plan

The Constitution is dated 12 July 2023 and is the primary document governing the relationship between Investors and the Responsible Entity. It contains extensive provisions about the legal obligations of the parties and the rights and powers of each.

Each Unit gives you an equal and undivided interest in the Fund. However, a Unit does not give you an interest in any particular part of the Fund. Subject to the Constitution, as an Investor you have the following rights:

- (a) the right to share in any distributions;
- (b) the right to attend and vote at meetings of Investors; and
- (c) the right to participate in the proceeds of winding up the Fund.

The Constitution contains provisions about convening and conducting meetings of Investors.

Under the Constitution, the Responsible Entity may:

- (a) terminate the Fund including before the expiry of the suggested minimum Investment term;
- (b) deal with itself, an associate, Investor or any other person;
- (c) be interested in and receive a benefit under any contract or transaction with itself, an associate, Investor or any other person; and
- (d) act in the same or similar capacity in relation to any other fund.

The Responsible Entity has the power under the Constitution to enter into a reorganisation proposal of the Fund, including any:

- (i) Realisation Transaction;
- (ii) Conversion Proposal;
- (iii) Stapling Proposal;
- (iv) Top Hat Proposal;
- (v) Exchange Proposal; or
- (vi) other Reorganisation Proposal (as each term is defined in the Constitution).

The Responsible Entity also has power to do all things which it considers necessary to give effect to the reorganisation proposal.

Each Investor by subscribing for or taking a transfer of, or otherwise acquiring a Unit is taken to have consented to these Reorganisation Proposals.

A copy of the Constitution is available free of charge by calling us on (02) 8277 0000.

The Compliance Plan describes the controls the Responsible Entity has in place to meet the compliance obligations of the Fund.

### Investment Management Agreement

The Investment Management Agreement is between the Investment Manager and the Responsible Entity under which the Investment Manager provides investment management services to the Fund.

The Investment Management Agreement contains provisions dealing with matters such as Euree’s obligations to report to OMIFL and the agreement sets out the fees payable to Euree for these services. The Investment Management Agreement continues unless terminated by OMIFL in certain circumstances including for material breach, material and consistent underperformance or insolvency of Euree. Subject to the terms of the Investment Management Agreement, Euree may terminate the Investment Management Agreement by providing 90 Business Days’ notice.

The services provided for in the IMA include:

- the identification and acquisition of assets consistent with the Fund’s investment mandate;
- keeping all Fund assets under review and monitoring their performance; and
- using reasonable endeavours to achieve the investment objectives for the Fund.

The Investment Manager and OMIFL also have entered into a Relationship Agreement setting out further terms and conditions applying to the appointment of the Investment Manager.

#### Related Party Transactions and Conflicts of Interest

In our position as Responsible Entity of the Fund, we may from time to time face conflicts between our duties to Investors, our duties to other funds we manage and our own interests. We will manage any conflicts in accordance with our conflicts of interest policy, the Constitution, ASIC policy and the law. We may from time-to-time enter into other transactions with other related entities. All transactions will be effected at market rates or at no charge, and in accordance with the Corporations Act.

Euree is not a related party of OMIFL. The contractual arrangements between OMIFL and Euree are negotiated at arm’s length between the parties.

## Privacy and Collection and Disclosure of Personal Information

The *Privacy Act 1998* (Cth) regulates, among other things, the collection, disclosure and access to personal information.

Certain laws require us to collect, store and disclose information about you (including personal information at the time your application is processed and while you remain invested), for example, the AML/CTF Law, the Corporations Act, the FATCA and the Tax Laws Amendment (Implementation of the Common Reporting Standard). We may be required under the AML/CTF Law to provide information about you (including personal information) to the Australian Transaction Reports and Analysis Centre (**AUSTRAC**), the body responsible for regulating the AML/CTF Law. In respect of Investors who are ordinarily resident in a country other than Australia, both FATCA and CRS may require us to collect and disclose to the Australian Taxation Office information about you (including personal information) obtained from you. If you do not provide the information requested in our application form, we will not be able to process your application (including any application for additional Units) and your application may be delayed or rejected. Where applications are delayed or refused, we are not liable for any loss you suffer (including consequential loss) as a result. Alternatively, if we accept your application to the Fund when you have not provided all of the requested information, we may provide information about you to the relevant regulator.

We will be required to share information about you (including personal information) with service providers to the Responsible Entity in respect of the Fund (including the Investment Manager) to ensure you receive the appropriate information and assistance in respect of your holding in the Fund.

By applying to invest in the Fund, you consent to your information (including your personal information) being collected, used and disclosed by the Registry Provider and by the Responsible Entity for the purposes disclosed above and in their respective Privacy Policies.

You are entitled to access, correct and update all personal information we hold about you. You can contact us to find out what personal information we hold about you or if you have any concerns about the completeness or accuracy of the information we hold. If you want us to correct any personal information we hold, please contact us using the details in the PDS.

A copy of our Privacy Policy is available on our website at [www.oneinvestment.com.au](http://www.oneinvestment.com.au) and a paper copy will be sent to you free of charge on request.

### Consent

Each of the parties referred below has given and not, prior to the date of the PDS and AIB, withdrawn its written consent to the inclusion of the statements in the PDS made in the capacity specified below in the form and content in which the statements appear:

- Euree Asset Management Pty Limited – Investment Manager
- One Registry Services Pty Limited – the Registry Provider
- Unity Fund Services Pty Limited – the Administrator.

## Anti-Money Laundering and Counter-Terrorism Financing

The *Anti-Money Laundering and Counter-Terrorism Financing Act 2006* (**AML Act**) and other applicable anti-money laundering and counter terrorism laws, regulations, rules and policies which apply to the Responsible Entity (**AML Requirements**), regulate financial services and transactions in a way that is designed to detect and prevent money laundering and terrorism financing. The AML Act is enforced by the Australian Transaction Reports and Analysis Centre (**AUSTRAC**). In order to comply with the AML Requirements, the Responsible Entity is required to, amongst other things:

- verify your identity and the source of your application monies before providing services to you, and to re-identify you if we consider it necessary to do so; and

- where you supply documentation relating to the verification of your identity, keep a record of this documentation for 7 years.

The Responsible Entity and any agent acting on our behalf reserve the right to request such information as is necessary to verify your identity and the source of the money. In the event of delay or failure by you to produce this information, the Responsible Entity may refuse to accept an application and the application monies relating to such application or may suspend the payment of withdrawal proceeds if necessary to comply with AML Requirements applicable to them. Neither the Responsible Entity nor its agents shall be liable to you for any loss suffered by you because of the rejection or delay of any subscription or payment of withdrawal proceeds.

The Responsible Entity has implemented several measures and controls to ensure we comply with our obligations under the AML Requirements, including carefully identifying and monitoring Investors. Because of the implementation of these measures and controls:

- transactions may be delayed, blocked, frozen or refused where the Responsible Entity has reasonable grounds to believe that the transaction breaches the law or sanctions of Australia or any other country, including the AML Requirements;
- where transactions are delayed, blocked, frozen or refused, the Responsible Entity or our agents are not liable for any loss you suffer (including consequential loss) caused by reason of any action taken or not taken by them as contemplated above, or because of the Responsible Entity's compliance with the AML Requirements as they apply to the Fund; and
- the Responsible Entity or any agents acting on our behalf may from time to time require additional information from you to assist it in this process.

The Responsible Entity has certain reporting obligations under the AML Requirements and is prevented from informing you that any such reporting has taken place. Where required by law, the Responsible Entity may disclose the information gathered to regulatory or law enforcement agencies, including AUSTRAC. Neither the Responsible Entity nor our agents are liable for any loss you may suffer because of the Responsible Entity's compliance with the AML Requirements.

## Continuous Disclosure

If the Fund becomes a disclosing entity (as described in the Corporations Act), it will be subject to regular reporting and disclosure obligations. At all times during which the Fund is a disclosing entity, OMIFL will comply with its obligations under the Corporations Act and ASIC's good practice guidance in satisfying its continuous disclosure obligations by making the information and continuous disclosure notices for the Fund available on the Fund's website at [www.oneinvestment.com.au/EureeAREITSecurities](http://www.oneinvestment.com.au/EureeAREITSecurities). Copies of documents lodged with ASIC for the Fund may be obtained from, or inspected at, an ASIC office.

In addition, Investors will have the right to obtain a copy of the following documents:

- the annual financial report most recently lodged with ASIC by OMIFL;
- the half yearly financial report lodged with ASIC; and
- any continuous disclosure notices given by the Fund.
